Ms. Denise Dixon  
Chevron Product Company  
Site Assessment & Remediation  
2300 Windy Ridge Parkway (Suite 800S)  
Atlanta, GA 30339

Re: Chevron Gasoline Release at Chillum, MD/Riggs Park, Washington, D.C.  
Information Request

Dear Ms. Dixon:

Pursuant to the District's Underground Storage Tank Management Act, D.C. Official §§ 8-113.01 - § 8-113.12, §8-113.08, and Hazardous Waste Management Act, D.C. Code §§ 8-1301 - 8-1322, as well as the delegations to me set forth in ¶¶ 3 and 17 of Mayor's Order 2006-61, July 14, 2006 (53 D.C. Reg. 5384), and the regulations promulgated under each of those, respectively, the District hereby requests that Chevron, Inc., provide copies of any and all results of samples it and/or its contractors, consultants, agents or employees have taken and/or are taking at or concerning Riggs Park, Washington, DC residences, including in any media (soil, groundwater, soil vapor, indoor air), including in particular, the results of all samples collected and all analytes evaluated using EPA Test Method TO-15.

Chevron should include in its production all sampling and quality assurance/quality control plans, lab verification data, lab calibration data, and chain of custody documents, etc., i.e., all sampling and analytical data, as well as all documents that are relevant to the quality of the data.

It is the District's understanding that the index to the administrative record maintained at the Lamond Riggs Library, 5401 S. Dakota Ave., N.E., Washington, DC 20011, was compiled by Chevron, Inc., and/or its contractor or consultant or agent. Please provide a copy of the index.

Chevron's response should be submitted by a responsible corporate officer, as that term is defined in 40 C.F.R. § 270.11(a)(1), and incorporated by reference in 20 DCMR § 4270.1. Should Chevron fail to comply with this request, this Office and/or the District Department of

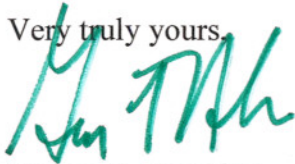

Health may enforce such failure as a violation of a requirement set forth in law or regulation under DC Code §§ 8-113.09 and/or 8-1311, and delegated to the Department of the Environment and/or Department of Health pursuant to Mayor's Order 2006-61, supra, and/or Mayor's Order 2007-112, dated May 7, 2007 (54 D.C. Reg. 9050).

As set forth in the District of Columbia Municipal Regulations ("DCMR"), Title 20, § 6301.6, the requested documents shall be submitted to this Office within twenty (20) days of your receipt of this letter. Please contact Larissa Etwaroo, the Office of General Counsel's Staff Assistant, at 202-535-1948, to discuss the manner in which it would be most efficient for Chevron to transmit the requested documents, e.g., whether electronically or in hard copy.

Should you wish to discuss the contents of this letter, please contact Nicholas Kauffman in the Department's Hazardous Waste Program, at 202-535-2288.

cc: Bradley M. Campbell, Esq.  
Andrew Fan, U.S. EPA, Region 3  
Dr. V. Sreenivas, DDOH

Very truly yours,

George S. Hawkins  
Director
